Publications in Peer reviewed Journals

2010 onwards

Weston N, Fernando U, Baskar V
Hypertriglyceridemia-induced pancreatitis.

Khalid Y, Barton DM, Baskar V, Kumar H, Jones P, West TET, Buch H.
Efficacy of fixed high dose radioiodine therapy for hyperthyroidism – a 14y experience.
BJMP 2011; 4; a435

Khalid Y, Buch H, Baskar V.
Watch what you lick!

Khalid Y, Sulaiman R, Zahir R, Baskar V, Buch HN.
An unusual complication in a patient with Graves’ disease.

Nayak AU, Baskar V
An unusual cause for deterioration of glycaemia in diabetes.
Pract Diab Int 2011; 1584: 163.

Elledge R, Baskar V.
Spinal extradural haematoma – an important cause of back pain
BMJ 2010; 341:c7134

Manjunatha R, Huddart S, Baskar V.
Acute Charcot arthropathy following thermal trauma
BMJ 2010; 341: c6455

Gangopadhyay KK, Gupta R, Baskar V, Gautam N, Toogood AA.
With a pinch of salt.

Hosseini A, Manjunatha R, Jacob A, El-Lahawi M, Baskar V.
Cerebral venous sinus thrombosis in type 1 diabetes without ketoacidosis – case report.
Practical Diabetes International 2010; 27: 34-35.

Sharratt C, Baskar V.
Diabetes as a presenting feature of pancreatic cancer: a case report.
Diabetes and Primary Care 2009; 11: 245-7.

Nayak UA, Govindan J, Baskar V, Kalupahana D, Singh BM. Exenatide therapy in insulin treated type 2 diabetes and obesity. *QJM* 2010; 103:687-694

**2005– 2009**

Buch HN, Barton DM, Varughese GI, Bradbury S, Scarpello JH, Walker AB.

Pawar BJ, Singh BM.
The “BRIDGE” Project

Baskar V, Kamalakannan D, Holland MR, Singh BM.
Does ethnic origin have an independent impact on hypertension and diabetic complications?
Diabetes Obes Metab 2006;8:214-9

Baskar V, Venugopal H, Holland MR, Singh BM.
Clinical utility of estimated glomerular filtration rates in predicting renal risk in a district diabetes population.
Diabet Med 2006;23:1057-60

Viswanath A, Pereira O, Philip S, McHardy K.
Practical Diabetes Int 2006; 23(7): 287–92

Varughese GI, Miltsios K, Buch HN, Orendi JM, Scarpello JH
Mortality rates in hospital patients with hyperglycaemia and MRSA bacteraemia Br J Diabetes Vasc Dis 2006; 6: 42-44.

PK Singh, P Beach, N Iqbal, HN Buch, BM Singh
Nurse-led management of uncontrolled hypertension in those with diabetes and high vascular risk . The outcomes of the Wolverhampton protocol
Practical Diabetes Int 2007; 24: 92–96

Viswanath AK, Avenell A, Philip S et al.
Is annual surveillance of all treated hypothyroid patients necessary?
BMC Endocr Disord. 2007 July; 2:7

Taruna Likhari, Saeed Magzoub, Melanie J Griffiths, Buch HN, R Gama
Screening for Addison’s disease in patients with type 1 diabetes mellitus and recurrent hypoglycaemia Postgraduate Medical Journal 2007;83:420-421

Jahagirdar VR, Strouhal P, Holder G, Gama R, Singh BM.
Thyrotoxicosis factitia masquerading as recurrent Graves' disease: endogenous antibody immunoassay interference, a pitfall for the unwary.
Ann Clin Biochem. 2008;45:325-7

Likhari T, Aulakh TS, Singh BM, Gama R.
Does HbA1C predict isolated impaired fasting glycaemia in the oral glucose tolerance test in subjects with impaired fasting glycaemia.

Macdonald DR, Hanson AM, Holland MR, Singh BM.
Clinical impact of variability in HbA1c as assessed by simultaneously measuring fructosamine and use of error grid analysis.

Acharya SH, Philip S, Viswanath AK et al.
Glycaemic control and body mass index in late-adolescents and young adults with Type 1 diabetes mellitus: a population-based study.
Diabet Med. 2008 March 25, 360–4

Home administration of Lanreotide Autogel by patients with acromegaly, or their partners is safe and effective.
Clin Endocrinol. 2008 March; 68:343-9

Viswanath AK, Seymour J, Wass WH, Bevan JS.
Somatostatinomas: an unusual cause of diabetes ketosis.
Scottish Medical Journal 2008 53(2): 65

Siddique H, Nayak A, Singh B, Baskar V.
A rare clinical sign need not always have a rare cause.

Mahto R, Venugopal H, Vibhuti VS, Mukherjee A, Cherukuri V, Healey B, Baskar V, Buch HN, Singh BM.
The effectiveness of a hospital diabetes outreach service in supporting care for acutely admitted patients with diabetes.

2000–2004

Wen YC, Rae C, Khohker MA, Singh BM
Differential antioxidant status in Indo-Asians with and without diabetes.
Diabetic Care 2000, 23, 254-5

Shackleton S, Lloyd DJ, Jackson SNJ, Evans R, Niermeijer MF, Singh BM, Brabant G, Kumar S, Durrington PN, Gregory S, ORahilly S, Trembath RC.
The LMNA gene encoding lamin A/C is mutated in partial lipodystrophy.
Primary hyperthyroidism due to a parathyroid adenoma with subsequent myasthenia gravis.
Palin SL, Singh BM.
QJM. 2000; 93:560-1.

Baskar V, Walford S, Holland MA, Singh BM
Evidence base for blood pressure control in diabetes.
Diabetes and Primary Care 2001; 2

Wen Y, Skidmore JC, Porter-Turner MM, Rea CA, Khokher MA, Singh BM.
Relationship of glycation, antioxidant status and oxidative stress to vascular endothelial damage in diabetes.
Diabetes Obes Metab. 2002; 5 :305-8.

Buch HN, Baskar V, Barton DM, Kamalakannan D, Akarca C, Singh BM.
Combination of insulin and thiazolidinedione therapy in massively obese patients with Type 2 diabetes.

Kamalakannan D, Baskar V, Singh BM.
Celiac disease in an elderly patient with diabetes.
Western Journal of Medicine 2002; 176

Baskar V, Kamalakannan D, Singh BM.
Carbamazepine induced rapid and severe hyponatremia .
The Pharmaceutical Journal 2002; 268: 690

Baskar V, Kamalakannan D, Holland MR, Singh BM.
The prevalence of hypertension and the utilization of antihypertensive therapy in a population with diabetes.
Diabetes Care 2002; 25: 2107 - 2108

Basker V, Kamalakannan D, Holland MR, Catchpole CR, Singh BM
Uncertain clinical utility of contemporary strategies for microalbuminuria testing
Diabetes Obes Metab 2003; 5: 262-6

Rangan S, Basker V, Spencer E, Walford S, Singh BM.
Hot water bottles and the diabetic foot
Practical Diabetes International 2003; 20: 164

Dixon AN, Singh BM, Gama R.
Asymptomatic hyperprolactinaemia.
CPD Clin Biochem. 2003; 5:16

Severe and disabling diabetic autonomic neuropathy: a case report.
Kamalakannan D, Baskar V, Singh BM.

Baskar V, Kamalakannan D, Singh BM.
Hyperparathyroidism and Polycythaemia.
J R College of Physicians of Edinburgh 2004

Baskar V, Kamalakannan D, Singh BM, Odum J.
Spontaneous regression of hypercalcemia in a patient with primary hyperparathyroidism and prolactinoma.
J Endocrinol Invest. 2004;27:462- 4

Baskar V, Kamalakannan D, Holland MR, Singh BM.
Hypertension in diabetes: is there a place for age-adjusted centile cut-offs in those aged <50 years.
QJM. 2004;97:747-5

Kamalakannan D, Baskar V, Barton DM, Buch HN, Singh BM.
A case of metastatic neuroendocrine tumour.
CME Endocrinology 2004.

Buch HN, Akber MA, Clayton RN. A case of lump in the neck and in petrous part of temporal bone Hosp Med. 2004 Feb; 65(2): 120-1

Prior to 2000

Morgan MDL, Singh BM, Williams SJ
Terbutaline aerosol given through a pear spacer in acute severe asthma.

Singh BM, Holland MR, Thorn PA.
Metabolic control of diabetes in general practice clinics: comparison with a hospital clinic.

Singh BM
Asians.

Binns N, Wright AD, Singh BM, Coote JH, Bradwell AR.
Blood lactate changes during exercise at high altitude.

Packe GE, Wiggins J, Singh BM, Nattrass M, Wright AD, Clayton RM.
Blood fuel metabolism in asthma during and after progressive submaximal exercise.
Clinical Science 1987; 73: 81-86.

Singh BM, Palma MA, Nattrass M.
Multiple aspects of insulin resistance: comparison of glucose and intermediary metabolite response to incremental insulin infusion in IDDM subjects of short and long duration.
Diabetes 1987; 36: 740-748.

Singh BM, Nattrass M.
Metabolic changes associated with oral contraceptive use.

Singh BM, Nattrass M.
The clinical care of diabetics: prevention, diagnosis and treatment of complications.

Hale PJ, Singh BM, Baddeley RM, Nattrass M.
Weight loss after gastroplasty improves insulin sensitivity of carbohydrate and fat metabolism.

Singh BM, Rutter JD, Fitzgerald MG.
The natural history of Type II diabetes.
In: Bailliere's Clinics in Endocrinology & Metabolism.

Krentz AJ, Hale PJ, Singh BM, Nattrass M.
The effect of glucose and insulin infusion on the fall of ketone bodies during treatment of diabetic ketoacidosis.

Chellingsworth MC, Kendall MS, Wright AD, Singh BM, Pasi J.
The effects of verapamil, diltiazem and nifedipine on metabolic control in hypertensives with non-insulin-dependent diabetes mellitus.

Singh BM, Nattrass M.
Use of combined oral contraceptive preparations alters the insulin sensitivity of fatty acid and ketone metabolism.

Singh BM, Nattrass M.
Altered intermediary metabolism during the menstrual cycle in healthy young women.

Singh BM, Coles N, Lewis RA, Braithwaite M, Nattrass M.
The metabolic effects of fatal cyanide poisoning.

Singh BM, Nattrass M. (written by invitation)
Diabetes and the liver.

Exclude eclampsia early.
Smoleniec JS, Pickrell D, Weaver JB, Singh BM.
BMJ. 1990 May 12; 300 (6734):1242.

Robertson DA, Singh BM, Baddeley RM, Nattrass M.
Metabolic abnormalities in obese patients with impaired glucose tolerance.
Diabetic Medicine 1990; 7: 45-49.

Wright AD, Hale PJ, Singh BM, Kilvert JA, Nattrass M, Fitzgerald MG.
Changing sex ratio in diabetic ketoacidosis.
Singh BM, Nattrass M.
Diabetes mellitus and the control of hyperglycaemia.
In: New Antidiabetic Drugs, Smith-Gordon Nishimura

Robertson DA, Singh BM, Nattrass M.
The relationship between obesity, hyperinsulinaemia and intermediary metabolite concentration
in man after an overnight fast and during the oral glucose tolerance test.

Robertson DA, Singh BM, Nattrass M.
Impaired glucose tolerance in obesity is associated with resistance to insulin in multiple aspects
of metabolism as assessed by a low dose insulin infusion

Singh BM, Wise PH, Marks V.
Detection of glibenclamide in an oral insulin preparation.

Pegg A, Fitzgerald F, Wise D, Singh BM, Wise PH.
A community based study of diabetes-related skills and knowledge in elderly people with
insulin-requiring diabetes.

Krentz AJ, Singh BM, Nattrass M.
Impaired glucose tolerance is characterised by multiple abnormalities in the regulation of
intermediary metabolism.

Public awareness of the symptoms of diabetes mellitus.

Robertson DA, Singh BM, Hale PJ, Jensen I, Nattrass M.
Metabolic effects of monomeric insulin analogues of different receptor affinity.

Singh BM, Wise PH. (Written by invitation)
Diabetes management: control and lifestyle.
Mims Magazine 1992; 19: 24-34.

Singh BM, Jackson DA, Davies J, Wills R, Wise PH.
Delayed diagnosis in non-insulin dependent diabetes mellitus.
British Medical Journal 1992; 304: 1154-1155

Singh BM, Kilvert AJ, Fitzgerald MG.
Diabetes mellitus, papilloedema, benign intracranial hypertension, and reversible pituitary dysfunction.

Singh BM, Nattrass M.
Insulin sensitivity of glucose and intermediary metabolism 3 months after conventional twice daily insulin therapy in non-insulin dependent diabetes.

Robertson DA, Singh BM, Hale PJ, Nattrass M.
Effects of morbid obesity on insulin clearance and insulin sensitivity in several aspects of metabolism, as assessed by low-dose insulin infusion.
Metabolism 1992; 41: 604-612

Singh BM, Grunewald R, Press M, Muller B, Wise PH.
The prevalence of haemochromatosis in patients with diabetes mellitus.

Singh BM, Krentz AJ, Nattrass M.
Aspects of insulin resistance in intermediary metabolism in non-insulin dependent diabetes mellitus apparent only at low insulin concentrations.

Singh BM, Prescot JW, Guy R, Walford S, Murphy M, Wise PH.
The British Diabetic Association diabetes symptoms awareness study.

Krentz AJ, Singh BM, Wright AD, Nattrass M.
Effects of autonomic neuropathy on intermediary metabolism following insulin withdrawal in patients with insulin-dependent diabetes.

Duncan M, Singh BM, Carter G, Zadeh J.
A novel fasting insulin resistance index.
Lancet 1995;346:120.

Singh BM
Fever and leg ulceration.

Singh BM.
Asian diabetes, South Asian diabetes or just diabetes?

Singh BM.
Managing Asian patients with NIDDM.

Singh BM.
Obesity and Non-Insulin-Dependent Diabetes - who is failing.
Geriatric Medicine

Singh BM et al
High variability in HbA1 concentration in IDDM patients followed over a decade.
Diabetes Care 1997; 20: 306-308

Rees DC, Singh BM, Lou LY, Wickramasinghe S, Thein SL
Nontransfusional iron overload in thalassemia –association with hereditary haemochromatosis.
Ann N Y Acad Sci 1998; 850: 490-4

Pickstock PG, Singh BM.
Assessing dependency in community managed insulin treated patients with diabetes.
Diabetic Care 1998; 9: 1567.

Pawar B, Walford S, Singh BM
Glycaemic control in a routine diabetes clinic with special reference to intensive insulin regimes.
Practical Diabetes 1998

Pawar B, Walford S, Singh BM
IDDM in a routine diabetes clinic: the association of psychological factors, diabetes knowledge, glycaemic control to insulin regime.

Hypovitaminosis D in Indo-Asians attending a rheumatology clinic.
Bone 1999, 25; 609-611.
